

CORNWALL & DISTRICT

FIRE DEPARTMENT

"Protecting with Pride" since 1977

June 10, 2020

After months of Covid-19 affecting our lives and with much consideration of all regulations in front of us, we regretfully announce that Cornwall & District Fire Department and its Auxiliary find it necessary to cancel our two major Annual fundraisers for the first time in our Department's history!

For decades we have enjoyed providing our extended Communities' both the much anticipated **ANNUAL CHICKEN BARBEQUE – FLEA MARKET & BAKE SALE** and **ANNUAL GARDEN PARTY & AUCTION** not only to raise funds to provide the best service possible, nor the Camaraderie garnered from it but most importantly, the huge support and interaction we receive from our residents and friends throughout these two big days!

Due to the massive amount of support and large numbers of you that continually make these events a success and based on all regulations presently in place with indications they'll likely remain for an extended duration, we truly believe this to be the most prudent decision for all Members' and Patrons' health and safety as we all work together to get past this terrible virus with the least possible impact on our families and friends.

We look very forward to a much more normal 2021 when these two events return for your enjoyment!!

In closing, please be mindful and follow all guidelines/regulations in place; stay healthy and happy; and arguably most importantly, please be kind and respectful to everyone as we all struggle through unique and challenging times.

Deputy Chief (Retired) R. Steve Patterson on behalf of **Chief Mike Wilson**
